Welcome to the Urban Craft Beer Crawl! A fun, self-guided Craft Beer experience right in the heart of our great cities! As one of the lucky ticket holders you'll enjoy unique experiences at a hand-picked selection of local bars whilst of course sampling a range of Craft Beers from some of the best breweries Australia has to offer!

To avoid overcrowding we suggest creating your own "Craft Beer Trail" from the list and moving around throughout the afternoon at your own pace and in your own order! If it gets busy, remember there's plenty of beer to go around so relax and let the good times roll!

BEFORE YOU START

Urban Craft Beer Crawl will interact with you by using the free Everythere app. It will help guide you around participating venues and also provide you with information on each brewery involved.
